

# ecsttransactions™

## ECS Biannual Meeting Request to Publish Application

*ECS Transactions* is the official conference proceedings publication of The Electrochemical Society. This publication features full-text content of proceedings from ECS meetings and ECS-sponsored meetings. Each meeting is represented by a volume and each symposium by an issue.

ECST manuscript submission will begin once the corresponding meeting's technical program has been finalized, and will continue for four weeks. Editors will have an additional four weeks to review the submitted manuscripts. Published issues will be made available for pre-order in both CD and USB formats and made available for pick-up at the corresponding biannual meeting. Accepted papers will be published online in the ECS Digital Library nine days before the first day of the meeting. Full issue downloadable PDFs will also be made available in the ECS Online Store.

If you wish to publish an issue of *ECS Transactions* for your symposium, please complete the form below and email it to [ECST@electrochem.org](mailto:ECST@electrochem.org). All completed forms will be reviewed by the ECST Editor, and you will be notified by email whether or not this symposium is approved to publish an issue of ECST.

### **Submitter Information**

Submitter's (**Lead Editor**) name:

Submitter's e-mail address:

Submitter's telephone number:

Submitter's mailing address:

### **Meeting Information**

Meeting name and location:

Meeting Dates:

### **Symposium Information**

Symposium name:

Symposium code (A01, B03, etc.):

Symposium sponsors (Divisional sponsors only):

List all organizers for this symposium (names and e-mail addresses):

### **ECST Issue Information**

List all editors for this issue of *ECS Transactions* (full names and e-mail addresses):

Proposed issue title:

Will submission of an ECST paper be **required** for authors presenting in this symposium?

Submission is required

Submission is strongly encouraged

*In completing this form I acknowledge that I understand the submission and review schedule set by ECS. By signing below I am committing my time, and the time of my co-editors, to completing the review process for this issue on schedule.*

Signature \_\_\_\_\_ Date: \_\_\_\_\_

### **Important Notes**

In order for an issue to qualify for indexing in Web of Science (Conference Proceedings Citation Index), the issue must have a minimum of 5 papers. If you are concerned that you may not obtain an appropriate number of submissions, please contact [ECST@electrochem.org](mailto:ECST@electrochem.org) to discuss alternative options for your symposium. ECS reserves the right to cancel or combine issues that do not reach this minimum number of submissions.

Only full-text papers are eligible for publication in *ECS Transactions*. We encourage symposium organizers with presenters who wish to publish their posters, slides, data, etc. to promote submission to ECS's new preprint service, [ECSarXiv](https://www.electrochem.org/ECSarXiv).
